

IN THE SPECIFICATION

Please amend the specification as indicated below.

Please replace the paragraph beginning at page 23, line 14 with the following amended paragraph:

A1
This test sample was left standing in a dry condition of 40°C for 24 hours, and the weights of the test sample before and after left standing were measured to calculate the moisture permeability ~~(g/cm²·24 hours)~~ (g/m²·24 hours) from the weight loss thereof.

Please replace Table 2, line 10 on page 32 with the following corrected table:

H2

Adhesive	Moisture permeability (g/cm²·24 hours) (g/m ² ·24 hours)
Acryl base adhesive	1600
Silicon base adhesive	7300
